**2025-2026 Cycle:
Five active charges + monitoring activities**

Already underway...

Reporting System Redesign – please engage as opportunities arise!

- We'll continue to liaison with CG-BSX and NWIC and serve as a resource

Distraction Data Collection – it's not too late to join this effort!

- We're starting to evaluate data collected by participating states

2026 National Recreational Boating Safety Survey – get the word out!

- We provided substantive input during development; looking forward to the output

Leaving shore...

More Best Practices Development – guiding data collection and entry

- Give us feedback on the tools we've produced and your ideas for new ones

Marketing the Revamped Lighthouse – what's in there?!

- We're focused on getting our products into your hands
