3	We have the largest class we have had in years.	4/30/2018 4:28 PM
4	The temperatures in NJ are still in the 40-50's, the recreational boating public push has not yet begun. Around Memorial Day is when we historically see influx of boating course activity.	4/30/2018 3:33 PM
5	To boat in our state you must take the course regardless of an awareness campaign. The benefit for us is the reduced pressure on courses in May and June if students enroll in March and April.	4/30/2018 1:13 PM
6	We have students who enroll in our courses because of the need and it is a requirement. Your campaign has little to no impact on their enrollment. Also, it would be more beneficial to offer the campaign as a lead-in to National Boating Safety week, etc., rather than in mid-March, as previously stated.	4/30/2018 11:54 AM
