1	In reference to sharing TWRA database access, you would need to discuss with the Legal staff. We currently do not allow access to our online databases but we do provide data files to other State and Federal agencies and departments (with the approval of legal).	3/2/2018 10:47 AM

13	Can be shared but would need legal advise regarding DOB's	2/21/2018 1:07 PM
14	We may be able to share this database with an agreement, but only after we could thoroughly vet the agreement/project stipulations and technology as well feel assured that all privacy concerns and risks are alleviated.	2/15/2018 4:19 PM
15	We are in the process of changing our system	2/8/2018 6:42 PM

2	In reference to sharing TWRA database access, you would need to discuss with the Legal staff. We currently do not allow access to our online databases but we do provide data files to other State and Federal agencies and departments (with the approval of legal).	2/23/2018 1:26 PM
3	Our state could not provide student specific identifying information ie.date of birth, mailing address,phone number, but we could provide statistics.	2/22/2018 4:30 PM

5	I will have to contact legal on this release issue.	2/22/2018 11:44 AM
6	If individual boater provides their information, I don't see any issues with privacy concerns	2/22/2018 8:35 AM

9	Under VT law, boaters are required to have these documents on their person. Not sure a national database is necessary for VT. Officers don't have access to a database while on the water. The obligation falls on the boater to provide proof.	2/21/2018 2:06 PM
10	Our card has changed over the years from paper, off site produced, and on site produced. That could be an issue in addition to the privacy laws I do not know.	2/21/2018 1:33 PM
11	If NASBLA is moving forward with National Card, please advise so we can get advice from legal counsel	2/21/2018 1:24 PM
12	it's a difficult question to answer without knowing the parameters of what info would be shared. There may be some privacy issues with inclusion of DOB or other information. We would have to examine on a case by case proposal for this effort.	2/14/2018 3:50 PM
