---

### Page 8: General Feedback

## Boating Safety Dashboards - Feedback Survey

**Q12** This project is funded under a grant from the USCG. What additional information would you like to see illustrated in future dashboards for your state?

This is great. All info is valuable and easy to access. Would hate to see this get so big, that it becomes cumbersome and hard to get the info you need - i.e. search multiple "pages".

---

**Q13** How can we use this statistical tool to develop and share best-practices amongst state programs?

I know we've tried in the past; but a one-stop shop for each states "basic" regulations and registration requirements would be nice. I understand keeping that info current is a huge undertaking.

---

**Q14** Do you have any other comments, questions, or concerns?

Congrats to the Dashboard Team that made this project possible!!

---

Page 9: Thank you! Do you want to assist?

**Q15** Please indicate if you wish to volunteer to participate in the work of the Dashboard Steering committee. Steering Committee work is conducted via teleconference at various times.

**I am not interested in the Steering Committee, but please add me to the email list for project updates.**

---

**Q7** Using the scale below, rate the value of being able to access your state data by using this Law Enforcement Statistics Dashboard.

(no label)

**Valuable. I will reference this on occasion but it is not vital.**

Comments::

Great information to share with participating counties and to encourage further activity and importance of tracking.

---

### Page 6: Education Statistics

**Q8** Using the scale below, select the usability of the Education Statistics Dashboard Tool.

(no label)

**Easy to use.**

---

**Q9** Using the scale below, rate the value of being able to access your state data by using this Education Statistics Dashboard.

(no label)

**Valuable. I will reference this on occasion but it is not vital.**

Comments::

Valuable in order to mold what future safety courses need or if more outreach needs to be done.

---

### Page 7: Fiscal Statistics

**Q10** Using the scale below, select the usability of the Fiscal Statistics Dashboard Tool.

(no label)

**Neither difficult or easy to use.**

---

## Boating Safety Dashboards - Feedback Survey

**Q11** Using the scale below, rate the value of being able to access your state data by using this Fiscal Statistics Dashboard.

(no label)

Comments::

**Neutral value.**

I don't work with this portion of the program, but feel like we would need much more detail in order to depend on this tracking for what we're required to report.

---

### Page 8: General Feedback

**Q12** This project is funded under a grant from the USCG. What additional information would you like to see illustrated in future dashboards for your state?

Further details on the accident reports - male/female, age, etc.

---

**Q13** How can we use this statistical tool to develop and share best-practices amongst state programs?

As the educator position, I would use this for media and campaign planning. The charts are really nice for media requests. Also helpful for the counties to get their own personal breakdown.

Having the option to poll or compare selected states could be helpful i.e. how does MN compare to our neighboring states, or how do we compare to other states with similar boating activity?

---

**Q14** Do you have any other comments, questions, or concerns?

Without being able to export the information or graphs the details will likely stay where they are and I'll keep using our state summaries we've been using.

THANK YOU for creating this tool - very helpful so far, fingers crossed it can go even further!

---

### Page 9: Thank you! Do you want to assist?

**Q15** Please indicate if you wish to volunteer to participate in the work of the Dashboard Steering committee. Steering Committee work is conducted via teleconference at various times.

Other (please specify):

I'm not the BLA, but would be happy to help if my perspective is needed.

Page 8: General Feedback

**Q12** This project is funded under a grant from the USCG. What additional information would you like to see illustrated in future dashboards for your state?

Nothing I can think of.

---

## Boating Safety Dashboards - Feedback Survey

**Q13** How can we use this statistical tool to develop and share best-practices amongst state programs?

Not sure.

---

**Q14** Do you have any other comments, questions, or concerns?

No.

---

Page 9: Thank you! Do you want to assist?

**Q15** Please indicate if you wish to volunteer to participate in the work of the Dashboard Steering committee. Steering Committee work is conducted via teleconference at various times.

**No, not interested. Please remove me from the list for this project.**

Page 4: Boating Accident Statistics Dashboard

**Q4** Using the scale below, select the usability of the Boating Accident Statistics Dashboard Tool.

(no label)	<b>Easy to use.</b>
Comments::	I need to be able to access this easier, I am very familiar with the data, but need to now make it much more accessible. For example, I was able to upload our dashboard on to our website, but cannot drill down to my data. Also, some browsers are not friendly, nor is the mobile experience. Maybe software updates will remedy this situation.

---

## Boating Safety Dashboards - Feedback Survey

**Q5** Using the scale below, rate the value of being able to access your state data by using this Boating Accident Statistics Dashboard.

(no label)

**Highly valuable. I plan to incorporate use of this tool for our program needs.**

Comments::

The problem for Alaska is that we are not on the dropdown, I only see Connecticut, Iowa, Texas and Wisconsin, I thought maybe it was because we have our own license, but Texas does as well, so not sure why Alaska's information isn't part of your state launcher. This is something we can talk about in the future.

---

### Page 5: Law Enforcement Statistics

**Q6** Using the scale below, select the usability of the Law Enforcement Statistics Dashboard.

(no label)

**Very easy to use.**

Comments::

I don't see Alaska's information. I think I am on the wrong website.
