*PPP loans were made across economically diverse areas of the economy. Low and moderate income areas received PPP loans approximately proportionate to their percentage of the population.*

*Note: Income bins are defined using Community Reinvestment Act definitions, which defines these groups using the ratio of median family income within a tract compared to median family income in the Metropolitan Statistical Area (MSA) that the tract is located in.*
Rural and HUBZone PPP Statistics

**HUBZone** refers to an area designated by the SBA as a Historically Underutilized Business Zone. The designation is designed to identify and help small businesses located in economically distressed areas. HUBZones are in urban or rural areas. ([Map](#))

**Rural** refers to PPP loans made in a county where 30% or more the county is defined as rural by the U.S. Census Bureau.
