

# NASBP Associate

We've opened the door for  
you to many exciting benefits.

“Producers want to establish a referral network of trusted, construction-oriented CPA firms, so that they may refer their clients—contractors and subcontractors—to accounting firms that know the construction and surety business. If I were a construction-oriented CPA firm, I would jump at the chance of connecting with the surety community through being a NASBP Associate.”

# Becoming a NASBP Associate is the smartest move you'll ever make.

The National Association of Surety Bond Producers is the most strategic resource in the country for all those interested in the surety bond industry.

With over 5,000 professional producers, from agencies large and small on our rolls, you will reap the benefit of networking and relationship-building as a NASBP Associate.

## The benefits of being a NASBP Associate are:

- NASBP is the only national trade association devoted to representing surety bond producers.
- As a NASBP Associate, you will be part of and highly visible with the surety community, both producers and surety company executives.
- NASBP Associates will be marketed by being listed on the NASBP website in a directory accessible to the public and surety professionals who are seeking service providers with knowledge of the surety industry and surety practices.
- NASBP offers Associates the opportunity to submit articles for consideration of publication in the NASBP *Pipeline* e-newsletter and other NASBP vehicles that are distributed to the NASBP community.
- NASBP affords Associates the opportunity to submit proposals to present on subjects of interest to the NASBP community, such as through NASBP distance learning and in-person educational offerings.
- NASBP Associates will have a specific NASBP logo identifying them as a NASBP Associate and approved for use on business marketing materials and on the company website.
- NASBP Associates will be eligible to attend the premier industry networking events—the NASBP Annual Meeting and NASBP Regional meetings.
- NASBP Associates will have the opportunity to participate in the development of new educational content for surety professionals.
- NASBP Associates will be encouraged to become involved in grassroots advocacy efforts to promote better understanding of the value of the surety product to government officials at all levels.
- NASBP Associates will receive discounts on NASBP events and products.
- NASBP Associates will pay Associate fees, which cover one year of membership as an Associate.
