

The Rogers difference

At Rogers Behavioral Health, we've been helping people find a path to recovery for more than 110 years. We're here to do the same today in Tampa by providing highly effective treatment and compassionate care for those struggling with mental health.

Patients receive evidence-based, individualized treatment led by board-certified psychiatrists and a multidisciplinary team of experts.

Treatment approach

- Cognitive behavioral therapy
- Exposure and response prevention
- Behavioral activation
- Dialectical behavior therapy skills
- Prolonged exposure therapy
- Individual, group, and family therapy
- Medication management

To get started

Admission starts with a free, confidential phone screening. To schedule a screening, call **813-498-6400** or visit **rogersbh.org**.

How to get started

Admission to all Rogers' services starts with a free telephone screening.

To request a screening, call
813-498-6400 or visit rogersbh.org.

Levels of care

For a directory of specific program schedules, visit rogersbh.org/directory.

Outpatient Care

Partial Hospitalization Care (PHP)

6 to 6.5 hours a day, 5 days a week

Intensive, structured treatment that provides more hours of therapy in a week and allows patients to remain connected with family, school, or work.

Intensive Outpatient Care (IOP)

3 to 3.5 hours a day, 4 to 5 days a week

Specialized, short-term treatment to alleviate symptoms. Helpful for patients transitioning between levels of care.

Patients, families, and treatment teams work together to determine length of programs based on individual progress and situations.

Residential Care

When a patient is in need of more intensive treatment, Rogers offers nationally recognized residential treatment for addiction, depression and other mood disorders, eating disorders, OCD and anxiety, and trauma recovery in Wisconsin. For more information, visit rogersbh.org.
