

MSNA CONVENTION DUTIES

General Information

The dates for the convention are dictated by the availability of the site. The dates are then approved by the MSNA President. The Convention Chairperson is responsible for booking the site and may need to confer with the President and Treasurer before signing any contracts. The date should not conflict with state-wide testing dates, Spring Breaks, or other major conferences. The Executive Committee decides the theme or title and the fee for the convention. The title and theme should be decided upon by the end of the Fall EC meeting.

Each region should publicize the convention locally. The Executive Committee (EC) Membership Chairperson, the Regional President and the Regional Treasurer should assist the Treasurer and Convention Chair in obtaining correct and up to date contact information for all members and non-members. MDE's School Nurse Consultant may be a good resource for this information, also.

Each of the four regions are considered convention committees which are led and organized by the Regional President and are responsible for the completion of specific tasks related to their committee assignment: agenda committee, exhibitor committee, registration committee, and decorations/door prizes/gifts committee. The committee assignment rotates between regions every two years (**Attachment 1**). All committees are asked to keep a notebook containing the steps and procedures used in completing the assignment and pass it to the next region responsible for the tasks. Suggestions for changes in committee responsibilities should be presented to the EC at either the fall or spring meeting. If problems arise for a committee, they should contact the Convention Chairperson immediately and she/he will contact the state President to attempt a resolution.

Each region is responsible for ensuring payment to the vendors used to obtain items or services to meet the needs or requirements of their committee assignment. Any amount spent outside of the stated MSNA limit is to be paid by the region responsible for the duty. Each MSNA Regional President or committee chair should submit a completed **reimbursement request form with all receipts (Attachment 3)** to the MSNA Treasurer in a timely manner. The suggested time to submit requests and receipts and receive reimbursement is after the Executive Committee meeting the day before the start of convention (if not sooner). The *Convention Chair, Treasurer, President-elect, and Regional Presidents* should communicate with each other to determine reimbursement and payment deadlines for convention site, meals, speakers, gifts, decorations, door prizes, and awards.

Convention Chair General Information

The Convention Chairperson is appointed by the MSNA President. The main responsibility of the Convention Chair is to keep each region on track and help ensure communication between the regions and EC sharing needed information in a timely manner. Regional Presidents should provide updates to the Convention Chair. Effective and timely communication via email, phone calls, online meetings or other methods is essential. Check with the MSNA President to find out

if a survey is needed and who will create, distribute, and collect the information. The Convention Chair or the Education Chair usually complete this activity.
