

STRATEGIC PLAN 2020-2023

The NASN vision is that all students are healthy, safe, and ready to learn.

The NASN mission is to optimize student health and learning by advancing the practice of school nursing.

CORE VALUES

Child Well-being

Diversity, Equity, & Inclusion

Ethics

Excellence

Innovation

Integrity

Leadership

Scholarship

GOAL 1

ENGAGE

school nurses in 21st Century Practice.

OBJECTIVES

- Advocate for positive student outcomes by advancing an accurate school nurse public narrative.
- Engage diverse school nurses in an equitable and inclusive manner via evidence-based resources, tools and programs.
- Facilitate school nurse expertise in population health.
- Promote and advance the *National School Health Data Set: Every Student Counts!*

GOAL 2

PURSUE

health, education, and social equity for students through shared leadership.

OBJECTIVES

- Secure strategic partnerships in pursuit of upstream changes that enhance student health and education.
- Facilitate school nurse knowledge and influence to build a culture of health in communities where students live, learn, play, and work.
- Direct data collection and research to determine the influence of school health services on individual social needs, social determinants, as well as health and educational disparities.

GOAL 3

SECURE

foundational school health evidence.

OBJECTIVES

- Engage school nurses in the collection and dissemination of school health data.
- Establish a school nurse culture of data collection and research in evidence-based educational offerings and practice.
- Expand partnerships with organizations, including universities, which collect health-related data on children and youth in order to coordinate efforts and advance student health.
- Invest in the development of innovation, research and use of evidence.
