

## LIST OF FORMS

### TOOLS FOR ASSESSMENT

- 2.1 Key Components of Diabetes Management in the School for the Unlicensed Assistive Personnel & School Nurse
- 2.2 Summary of Key Components of Diabetes Management in the School for the School Nurse
- 2.3 Diabetes Medical Management Plan for School
- 2.4 Diabetes Questionnaire
- 2.5 Diabetes Care Tasks Checklist Determining Student Independence in Diabetes Management at School
- 2.6 Students with Diabetes Developmental Issues, Diabetes Care Tasks & Educational Considerations

### TOOLS FOR PLANNING

- 3.1 IHP – Risk for Unstable Blood Glucose
- 3.2 IHP – Effective Therapeutic Regimen Management
- 3.3 IHP – Readiness for Enhanced Coping
- 3.4 IHP – Blank Template
- 3.5 School Year Timeline for Diabetes Management Sample
- 3.6 Blood Glucose Monitoring Fact Sheet
- 3.7 Insulin Administration Fact Sheet
- 3.8 Insulin Pump Fact Sheet
- 3.9 Hypoglycemia Fact Sheet
- 3.10 Hyperglycemia Fact Sheet
- 3.11 Glucagon Fact Sheet
- 3.12 Disaster Preparedness for Students with Diabetes
- 3.13 Actions for the School Nurse
- 3.14 Actions for the Unlicensed Assistive Personnel (UAP)
- 3.15 Actions for the Parents or Guardians
- 3.16 Actions for the Student with Diabetes
- 3.17 Actions for Classmates
- 3.18 Actions for the Principal, School Administrator, or Designee
- 3.19 Actions for the Teacher
- 3.20 Actions for the Guidance Counselor or School Psychologist
- 3.21 Actions for the Coach and Physical Education Instructor
- 3.22 Actions for the Food Service Manager, Lunchroom Staff, or Lunchroom Monitor
- 3.23 Actions for the Bus Driver
- 3.24 Sample Delegation Tree
- 3.25 Sample Training Agreement for Unlicensed Assistive Personnel
- 3.26 Unlicensed Assistive Personnel Diabetes Management Task Observation Record
- 3.27 School Nurse Diabetes Management Training Kit
- 3.28 Sample Letter to Parents effective Diabetes Management at School
- 3.29 Diabetes Self-Management Authorization: Administration of Medication and Monitoring at School
- 3.30 Health Service Mutual Agreement: Student Independent Performance of Blood Glucose Monitoring
- 3.31 Health Service Mutual Agreement: Student Independent Performance of Blood Glucose Monitoring and Insulin Administration
- 3.32 Sample Health Service Mutual Agreement: Insulin Pump
- 3.33 NDEP Emergency Care Plan – Hypoglycemia
- 3.34 NDEP Emergency Care Plan – Hyperglycemia
- 3.35 Sample Algorithm for Managing Blood Glucose Results
- 3.36 Low Blood Glucose (Hypoglycemia) Management Algorithm
- 3.37 High Blood Glucose (Hyperglycemia) Management Algorithm

## TOOLS FOR IMPLEMENTATION & EVALUATION

- 4.1 Sample School Health Office Diabetes Record (SHODR)
- 4.2 Diabetes Management Log
- 4.3 Diabetes Medical Request to Provider (Dm-Dmr)
- 4.4 Diabetes Problem Visit Notification (DVN)
- 4.5 Teacher Rights & Responsibility in Caring for Students with Diabetes
- 4.6 Procedure for Blood Glucose Monitoring
- 4.7 Procedure for Blood Ketone Monitoring
- 4.8 Procedure for Urine Ketone Monitoring
- 4.9 Blood Glucose/Blood Ketone Monitoring Skills Checklist
- 4.10 Urine Ketone Monitoring Skills Checklist
- 4.11 Delegating Blood Glucose/Blood Ketone Monitoring
- 4.12 Delegating Urine Ketone Monitoring
- 4.13 Procedure for Insulin Administration by Syringe
- 4.14 Procedure for Insulin Administration by Pen Device
- 4.15 Insulin Administration: Syringe Skills Checklist
- 4.16 Insulin Administration: Pen Device Skills Checklist
- 4.17 Delegating Insulin Administration by Syringe
- 4.18 Delegating Insulin Administration by Pen
- 4.19 Insulin Pump Management Log
- 4.20 Procedures for Insulin Pump Therapy for the Student Who Can Independently Manage Their Care
- 4.21 Procedures for Insulin Pump Therapy for the Student Who Requires Supervision to Manage Their Care
- 4.22 Insulin Pump Therapy Skills Checklist
- 4.23 Delegating Insulin Pump Therapy
- 4.24 Hypoglycemia Skills Checklist
- 4.25 Hyperglycemia Skills Checklist
- 4.26 Procedure for Glucagon Injection
- 4.27 Glucagon Injection Skills Checklist
- 4.28 Delegating Glucagon Administration
