

Referral for an Eye Examination

January 24, 2014

Dear Parent/Guardian:

We routinely screen vision to identify children who have vision problems or might be at risk for vision problems. We refer children for an eye exam when they do not pass vision screening or are at risk of a vision problem because of a medical or developmental reason. Vision screening does not replace a complete eye exam, but it might suggest a referral to an eye doctor for a comprehensive eye exam.

You are receiving this document because your child First, M.I., Last **had his/her vision screened or should have an eye exam because of a medical or developmental risk for a vision problem and needs a complete eye exam with an eye doctor (an optometrist or an ophthalmologist.)** It is important to schedule this exam as soon as you can. Do not miss this appointment. If the eye doctor finds a vision problem, early treatment leads to the best possible results for your child's vision. The back of this form lists the reason(s) for this referral.

The back of this page lists the reason(s) for this referral. Please:

- Complete the Consent and Release of Information block below AND the top part of the back of this page.**
- Take this paper with you to the eye exam and give the form to your eye doctor.**
- Ask the eye doctor to send exam results to us and discuss the eye exam results with us, if necessary.**
