Focus on the Framework: Standards of Practice

A Program for School Nurses

Focus on the Framework: Standards of Practice is designed to help school nurses develop a deeper understanding of the importance of standards of practice, including clinical competence, use of clinical guidelines, ethical practice, critical thinking, implementing evidence-based practice, the role of NASN position statements, understanding the scope and standards of school nursing practice, and the importance of their state nurse practice act. Bring this course to your organization and watch school nurses soar to new heights in their approach to student-centered care. Put the *Framework for 21st Century School Nursing Practice™* into action now!

CONTINUING EDUCATION:

6.50 CNE Contact hours awarded for attending the full program and completing an evaluation.

National Association of School Nurses is accredited with distinction as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

(NASN is approved by the California Board of Registered Nursing, Provider Number #CEP 12292)

LEARNING OUTCOMES:

Upon completion of this presentation, school nurses will be able to:

1. Explain the importance of the Scope and Standards of School Nursing.
2. Discuss how Code of Ethics and other professional documents inform nursing practice.
3. Identify where to find the Nurse Practice Act for my state
4. Describe how critical thinking skills enhance practice.
5. Apply the steps of evidence-based practice to a case example.
6. Demonstrate how to locate evidence-based resources for individual care and school community populations.
7. Discuss 2 ways to use evidence-based interventions to influence practice.

NASN programs are written for registered nurses employed in the specialty of school nursing.

For more information about how to bring this educational offering to your area, including responsibilities and rewards of hosting, contact Danielle Harris at dharris@nasn.org.
