

Description & Participation in *Every Student Counts!*

Every Student Counts! is a national data initiative to advance student health through data. The focus of the program is strengthening school nurses' ability to collect and use data to direct personal practice, as well as to advocate for students. All school nurses are invited to participate.

- Uniform data points are collected to better understand student health nationally
- Additional data points will be added
- All 50 states are participating in *Every Student Counts!* at some level (see map)
- Each data point category had a different response rate
- Due to the variance in state participation (n=29) - **data are not generalizable**

Who Participated?

Our Workforce

Students Diagnosed with Chronic Conditions

Our Data	National Statistics
Asthma /1000	96.1/1000
Diabetes Type 1: /1000 Type 2: /1000	Type 1: 5.3/1000 Type 2: 0.8/1000
Seizure Disorder /1000	10.8/1000
Life Threatening Allergy /1000	36.8/1000

*Visits were not equal among professionals.

**Percentages add up to over 100% because state averages were used to calculate percentages and the rounding causes the numbers to be more than 100%.
