Standard 1

Students will comprehend concepts related to health promotion and disease prevention to enhance health.

**Rationale:** The acquisition of basic health concepts and functional health knowledge provides a foundation for promoting health-enhancing behaviors among youth. This standard includes essential concepts that are based on established health behavior theories and models. Concepts that focus on both health promotion and risk reduction are included in the performance indicators.

* The performance indicators articulate specifically what students should know or be able to do in support of each standard by the conclusion of each of the following grade spans: Pre-K–Grade 2; Grade 3–Grade 5; Grade 6–Grade 8; and Grade 9–Grade 12. The performance indicators serve as a blueprint for organizing student assessment.
