

# SCHOOL EMERGENCY TRIAGE TRAINING

*This training is designed specifically for school nurses and will provide nurses with the knowledge, skills and training resources to lead school-based Disaster Response Team and to perform triage in response to mass casualty incident (MCI) events.*

*Increasingly, and unfortunately, schools are becoming common ground for mass casualty incidents. Schools which are informed via planning and personnel training increase the effectiveness of both response and recovery. The training will prepare school nurses to be a leader in emergency planning and response within schools.*

SETT is an educational program developed by the National Association of School Nurses.

*National Association of School Nurses is accredited with distinction as a provider of continuing nursing education by the American Nurses Association Credentialing Center's Commission on Accreditation.*

**Thursday, August 23, 2018, 9am to 4pm (sign-in begins at 8:15am)**  
**Greenfield Community College, Greenfield, MA.**

**Pre-Registration is required.** This training is free. Food will be provided.

*This training is open to school nurses throughout western Massachusetts.*

5.25 CNE contact hours to be awarded
