

Congratulations to our 2013 Oregon School Nurse of the Year!

Cindy Sustaire

Oregon School Nurses Association introduces the 2013 School Nurse of the year is Cindy Sustaire. She works in the Southlane County School District, covering Cottage Grove High School. She has worked there 13 years.

The District representative nominating Cindy could not rave enough about what a great school nurse she is; "the epitome of professionalism." In emergencies she is "calm, cool, and collected, keeping everyone else calm as well." She is "sensitive, caring and understanding, even in the most controversial or difficult situations." They also noted she "never gives up, keeps working until the students needs are met."

She serves as confidant, supporter and help to students and staff alike. She helped spearhead the effort to start Southlane County Children's Dental Clinic. It mainly serves low income and children with OHP. With funds from OHP they provide about \$4,500 worth of free dental treatments weekly. She is admired for her work in the school and community.

A truly great representative to be named school nurse of the year.
