

NASN 2022

Connecting Health Equity
and Student Success

National
Association of
School Nurses

Dear Potential NASN2022 Attendee,

We are very excited about getting together for NASN2022, the National Association of School Nurses' annual event that brings together school nurses and others in the school community. We are ready to gather, celebrate, and educate how school nurses are *Connecting Health Equity and Student Success*.

NASN's 54th Annual School Nurse Conference offers two separate learning events in 2022 to meet the needs of all school nurses, amid pandemic health, travel and economic concerns. Each event will feature its own sessions and speakers.

The in-person event will take place in Atlanta, Georgia, June 28-30, 2022, and the virtual event will take place July 11-13, 2022. You can also bundle the two events together to increase the total number of NCPD CNE; double your skills, double your networking, and double your experience!

Between the two events, NASN2022 will include an exhibit hall, annual business meeting, sponsored sessions, hot topic presentations, and opportunities for engagement and interaction.

We can't wait to see you in person in Atlanta, but understand if you are only able to join us virtually. Take care, be well, and hope to see you soon!

Linda Mendonca,
MSN, MEd, RN, APHN-BC, NCSN, FNASN
NASN President

ACHIEVING YOUR LEARNING OUTCOMES

Attend NASN2022 and YOU will be able to:

- Identify three emerging student health trends that impact your student population and a resource that can be used to learn more on those topics.
- Articulate three new evidence-based practices learned at conference that will be used to promote student health, social and academic success, or healthy communities.
- Identify three potential new partners/partnerships to collaborate with to advance student health and the role of the school nurse as a health leader in the school setting.
- Distinguish two ways current practice of care, data collection, or policy development differs from the information presented at conference and develop a plan to change at least one practice.
- Apply one new concept regarding advocacy and data that can be used to articulate to educators and decision-makers about the role of the school nurse in the 21st century.

Your SCHOOL or EMPLOYER will benefit from NASN2022 when YOU:

- Share evidence-based programs and research on best practices with your administrator;
- Elevate your school nursing practice by applying your new skills;
- Obtain the newest industry information on products, services, and technology from conference exhibitors; and
- Become a member of the conference group in NASN's community website so you can stay connected to colleagues and subject matter experts.

NEED OTHER FUNDING IDEAS?

Try these suggestions:

- Check with your school and district for potential funding;
- Contact school community stakeholders, like the PTA and Lions Club, to see if they can offer you a scholarship; and/or
- Participate in the NASN Strong campaign <https://www.nasn.org/NASNStrong> to earn e-commerce credits which you can use toward your virtual conference registration.

[Date], 2022

Dear [your supervisor's name]:

I would like to attend the **National Association of School Nurses' NASN2022 Annual Conference**, and am seeking sponsorship for the registration fee and other related costs.

This conference will include speaker engagement and interactivity with attendees, evidence-based sessions on all areas of school nursing practice, including how school nurses are leading the way during the COVID-19 pandemic. There are three conference options that I can choose from: In-Person NASN2022 or Virtual NASN2022, or NASN2022 Bundle. I would like to attend the [insert which option you would like to attend].

The information, resources, and tools I expect to acquire will provide our [insert your place of practice i.e. school, district, agency, etc.] and the [insert the population you serve i.e. students at our school, students throughout our district, school nurses serving children throughout the state, etc.] with evidence-based approaches to keeping children healthy and in school so they can learn. Content will provide critical information on how to support the social, emotional and health needs of our students and our school community as we return to a "New Normal" program based on the impact of the COVID-19 pandemic. As an attendee, I will have access to information and details that contain not only conference resources from nearly every educational session in the virtual conference schedule. It would be a resource to share with my colleagues.

I hope that I could register for [insert In-Person NASN2022, Virtual NASN2022, or NASN2022 Bundle] for a cost of [insert total cost breakdown from page 2]. Please notice that if I were to register by April 18th, I could take advantage of the early bird discount.
