

Unfortunately Region 2 currently does not have a president. The nurse serving in that position moved when her husband was transferred. Three past presidents, myself, Sally McCutcheon, and Judy Felder are sharing that role. I am actually the Treasurer. As Region 2 is small we have been able to function. Our first meeting of the 2016-2017 school year is tonight October 19<sup>th</sup>. We are hoping for a good turn out and will enjoy a delicious dinner at The Chicken Shack in Corpus Christi. Our new Region 2 School Health Consultant, Monica Ruiz, has been most supportive in helping us with programs and certification trainings. We are so glad to have her, as we had been without one until this past year. In May we celebrated School Nurse Day with a nice dinner, Monica Ruiz did a wonderful program for us on asthma for our February Meeting and we introduced Monica at our September meeting. She shared with us some of the services she hoped to provide and listened to our requests/needs. Thank you! Barbara Seger, RN., Region 2 Treasurer

Update... 10/20/2016

When I sent in my report Tuesday I was just the treasurer filling in for the president because ours moved. After our meeting last night I'm officially the president of region 2. See you after Halloween!
