

2015 Conference Evaluation and Certificate Procedures

Thank you for attending our 13th Annual TSNO Conference November 13-15, 2015, at the Sheraton Downtown, Dallas, TX. We appreciate your attendance and hope you gained some valuable information and have a new network of professionals to communicate with.

Your attendance for Friday Concurrent Sessions was verified solely by the sign-in sheets for each session, it was your responsibility to sign in at every Friday concurrent session. The only way to earn credit and get your Certificate is to evaluate each session you attended and complete the overall evaluation through the online process.

Reminder! In order to evaluate and receive credit for GENERAL SESSIONS, you will need the attendance codes that were provided at the end of each general session, in order to complete the evaluation.

You may begin evaluating at the end of your session, just remember that certificates cannot be printed until all attendance verification has been completed by the conference registrar, which may take a few days. Please be sure to complete the evaluation process by December 1, 2015.

Follow this link <http://data.express-evaluations.com/eval/38000/web/main.php> to begin your evaluations. You will need the username and password that was emailed to you on Nov. 10th. They were also printed on the registration form you received at conference check-in.

After you complete your online evaluations, you will have the option of printing from the website and/or emailing the Certificate of Completion. Your certificate will be available for reprinting for 60 days after the conference.

Please feel free to contact Wendi Kendrick via email at txsnoconf@gmail.com if you have any questions.
