## **PREVENT OPIOID OVERDOSE, SAVE LIVES**

**In case of overdose, use naloxone**

**FREE TRAINING AND NALOXONE NASAL SPRAY KITS**

### **On-site Trainings**

***Make an appointment for your free onsite training and naloxone kits today!***

Didactic presentation on Opioid abuse and overdose, and demonstration of naloxone administration and rescue breathing.

**Participants** will be able to identify factors that led to the current opioid epidemic, recognize overdose symptoms, and appropriately implement life saving strategies during an overdose such as rescue breathing and the administration of naloxone.

**Distribution of FREE naloxone kits** for training attendees, including family members, friends, professionals and individuals who are at risk or could be in the presence of someone who is at risk for an overdose

### **Presenters:**

**Queenie Reda** holds a LSW, MSW, and is currently completing the requirements necessary to become a Licensed Clinical Alcohol and Drug Counselor. She has a range of experience in providing mental health services, substance use disorder counseling, and prevention workshops to at risk populations.

**Jose A. Cruz** holds a LCSW, MBA, and is currently a PhD student at Rutgers University. He has a wide range of experience in facilitating access to health and mental health services for populations dealing with issues such as HIV/AIDS, domestic violence, immigration issues, and addiction.

If you have any questions regarding any of these services or to schedule a site visit, please contact:
