What to expect:

Treat yourself to a relaxing Chair Massage! Provided all day the 13th. Massage therapist, Carole Knecht, will be set up in our Conference Room so that you may relax while learning. \$15/ 15min and of course, cash tips are welcome! You deserve to be pampered!

Make a Wish: Joe Evenson. Senior Director Program Services for Make-A-Wish South Dakota & Montana. In this session, we'll cover all aspects of our wish journey that's been created to help guide each one of our kids that we serve through the transformative power of a wish. We'll discuss and answer the following questions: Who is Make-A-Wish? What does Make-A-Wish do? Who qualifies for a wish? How do we come up with the wishes we grant? What is the impact of a wish? How do you get involved? At the end, we'll have a Q & A to make sure everything is clear on how you can help.

Shriners Children's: Sarah Van Petten is a Physician Referral Coordinator and Business Development Specialist. She will present a general overview of the services Shriners offer, our providers, how to make a referral and what the care looks like once they are a patient.

Emotional and Physical Wellness for School Nurses: Teri Corrigan MSW, CSW-PIP, QMHP will discuss the impact of stress and burnout in helping professions. This presentation will provide information on the importance of self-care, emotional and physical wellness and offer ways to implement small changes to help participants create a plan for their own well-being.

Delta Dental: Jean Gross, from Delta Dental will be speaking to us about Dental health in SD. She will offer resources for materials and treatment, Medicaid options and finding Medicaid dental homes. She will also offer information about their mobile program.

DCI: Special Agents Tyler Heine and Ryan Pennock from the Division of Criminal Investigation will present information on current drug trends in the schools and our state. Information will include the means of ingestion, signs and symptoms of each drug, as well as discussion on the potential impact of the new marijuana law on students and schools and how it may impact nursing assessment for ingestion. Paraphernalia will be available for you to see, and there will be time for plenty of questions. The powerpoint will be available for you to share with your schools.
