The Parent Information Center & NH Family Voices

One Mission, Many Systems

Provide families and the professionals who support them with the knowledge and support they need to make informed decisions that enhance each child's development and well-being.

NH Coalition for Citizens with Disabilities

- Founded in 1975 by parents and community members
- Promote the rights of, and improve opportunities for persons with disabilities
- 1977 ~ Funded as one of the first Parent Training and Information Centers (PTI)
- DBA Parent Information Center
- Includes NH Family Voices

Supporting families to make informed decisions

We provide phone consultations, workshops, and resources to support families to:

- Understand the services available
- Obtain the supports their child needs
- Partner in their child's care across all family serving systems

Supporting providers to deliver family-centered services

We provide technical assistance, training, and resources to support providers and organizations to:

- Maximize family engagement.
- Provide services that are responsive, relevant, and accessible for families
- Understand the resources available to support the families they serve
