Happy Summer from VASN

We recognize the "last day of school" is different across our great state. So for those who have already finished, those finishing up this week, and for those who have just a few more school days to go, we hope this school year closes successfully for you and we wish you a restful and renewing summer break! We cannot wait to see you at Fall Conference! If you are attending SISN in July, stop by our table and say hi!
