Q & A

This project was supported by Grant No. 2010-VN-CX-K080 awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, and the Office for Victims of Crime. Points of view or opinions in this document are those of the author and do not represent the official position or policies of the United State Department of Justice.

SAVIN

Information Sharing Standard

Project Overview

Kathy Gattin, Vice President
Tetrus

SAVIN SSP Project Description

- Will facilitate a NIEM conformant national information sharing standard of offender data from the point of origin to the resulting notification delivered to a victim/survivor of crime
- Will be developed for easy adoption by any state or local jurisdiction to establish, expand, & foster services offered through SAVIN programs
- Development will drive the “proof of concept” implementation at selected pilot location(s)

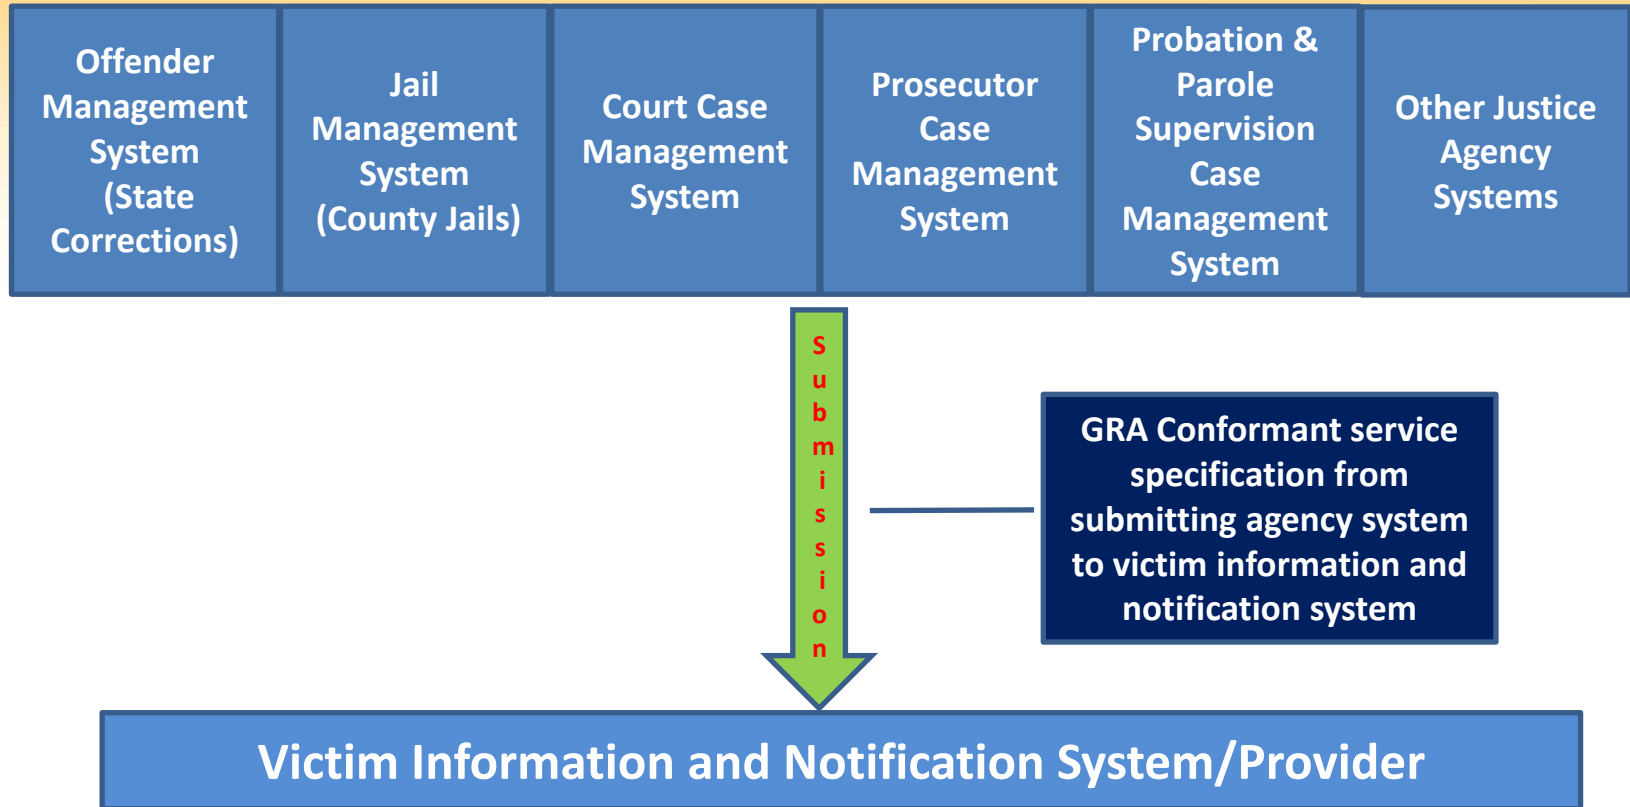

Project Goals

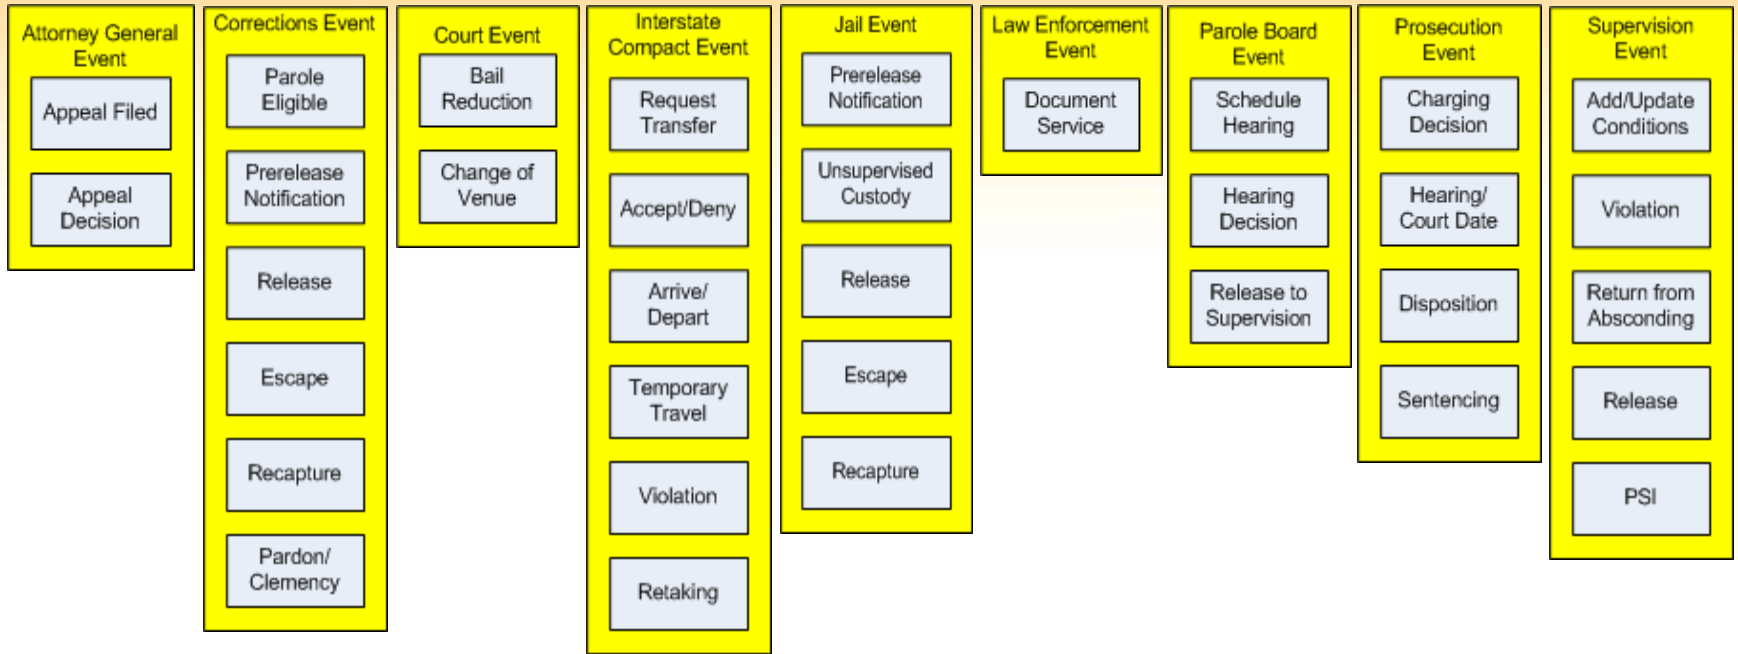

- To **create** a national information sharing **standard** for SAVIN data exchanges
- **Focus** on **data integrity** and **consistency** from the point of origin to the resulting notification
- **Eliminate inconsistencies** in data definitions, terms, formatting, events, etc.
- **Document & map** the business and technical **requirements** associated with SAVIN
- **Provide** a preliminary set of design **specifications** and **artifacts** for any provider or agency to follow – regardless of the SAVIN solution used

SAVIN (VN) Service Goal

Events

Service Purpose and Scope

SAVIN Service Purpose

The Victim Notification (VN) Service is designed as a standard for providing timely information and notification of key events to victims

VSO Application

The screenshot displays the VSO Application interface. The main window is titled "Victim Care Information System". The interface includes a top navigation bar with "View" and "Customize" options, and a central header with several logos. The left sidebar contains "Advanced Search", "Victim Wizard", "Dashboard", "Admin", and "Administrative" sections. The "Recent Activity" section lists various search results. The main content area is titled "VSO Details" and shows a profile for "Flater, David J." with the role of "Victim". The profile includes demographic details such as First Name (David), Middle Name (J), Last Name (Flater), DOB, SSN, DL, and Current Address. The notification method is set to Text Message. A "Save" button is visible at the bottom right of the profile form.

Demonstration

The screenshot shows the Alabama Victim Assistance website. At the top, there is a navigation bar with the state seal and the text "ALABAMA VICTIM ASSISTANCE" and "Office of Victim Assistance | Attorney General Luther Strange | 800.626.7676". A secondary navigation bar contains links for HOME, RESOURCES, ABOUT, FAQ, and CONTACT. A user is logged in as "Maury Mitchell" with a "SIGN OUT" link. The main content area features a large heading "I CAN stay informed" with a sub-headline "Register with Alabama CAN and receive notification when the offender that violates your rights is released or re-arrested." Below this is a "Register Now" button. To the right is an image of a man in a suit looking at a smartphone. Further down, there are two columns of service categories: "How We Can Help" and "Registrant Information". The "How We Can Help" section includes: Crime Victim (Assistance is available for victims of violent crime), Consumer Victim (Alabama consumers are protected from unscrupulous business), Elder Abuse Victim (Abuse of elders takes many different forms), Parole Information (Receive notice of an offender's scheduled hearings), Offender Release (View location and scheduled release information about inmates), and Resources (State and local agencies are available to assist victims). The "Registrant Information" section includes: Registrant Profile Summary, Selected Offenders, Notification History, and Change Password. Below these is a "Meet Our Partners" section with logos for the Office of Attorney General, Alabama Sheriff's Association, Department of Corrections, Alabama Board of Pardons and Parole, Alabama Crime Victims Compensation Commission, and Alabama District Attorneys Association. The footer contains the phone number 800.626.7676, contact information for the Office of Victim Assistance, and a copyright notice for 2012.

SAVIN Technology Assistance Project (S-TAP)

IJIS Institute

**Stephanie Cassavaugh, Senior Project Manager
IJIS Institute**

SAVIN Technology Assistance Project (S-TAP)

IJIS Institute

- Collaborative project of NCJA & IJIS Institute
- Focus on SAVIN-related technology solutions
- Guidance for the adoption of information sharing standards
- Support for state, local and tribal agencies
- Provides short-term assistance engagements

SAVIN Technology Assistance Project (S-TAP)

IJIS Institute

- Assistance provided by:
 - Project Team
 - Consultant Team
 - Task Team
- Types of assistance
 - Planning, design or development of a SAVIN system
 - Advising on how technologies are used to send, receive, and share data
 - Managing the challenges of electronic data security
 - Converting existing applications to less expensive, newer, faster, and more reliable web services applications
 - Understanding national information sharing standards

SAVIN Technical Assistance Request Response System (STARRS)

**Trudy Gregorie, Senior Director
Justice Solutions**

SAVIN Technical Assistance Request Response System (STARRS)

Technical assistance may be provided by:

- Members of the National SAVIN Project Team
- State SAVIN administrators and personnel
- Subject Matter Experts (SMEs) identified by the Project Team to match the request
- Other professionals identified by the Project to meet the TA needs and request

SAVIN Technical Assistance Request Response System (STARRS)

Types of programmatic TA available:

- Simple, direct TA and guidance provided by:
 - Telephone, teleconference or email
 - Posting TA requests to the SAVIN discussion forums to solicit responses from other SAVIN practitioners
- Intensive TA in which more detailed requests are addressed through a comprehensive, individualized TA plan

SAVIN Technical Assistance Request Response System (STARRS)

Types of intensive programmatic TA:

- On-site training or TA
- Site visits with a more experienced SAVIN program in another state
- Peer-to-peer mentoring
- Project-sponsored webinars
- Assignment of a SME to provide assistance
