What is RMIN/RISS?

- History: 40 years of support to law enforcement
- National Name = regional focus
- Mission: help law enforcement combat crime; facilitate multi-agency information sharing
- Tribal support
  - Nationally - 50 tribal agencies are RISS members
  - RMIN - 30 tribal agencies are RMIN members
- What are tribal agency priorities/needs? (Gangs, drugs, challenges with gaming?)
- How can RMIN/RISS help tribal agencies accomplish mission objectives?
Goal: to create an “Indian Country” multi-agency criminal intelligence database

5 Tribe Consortium Intelligence Program

Participants:
- Ak-Chin Police Department (PD)
- Ft. McDowell PD.
- Gila River PD.
- Salt River PD, and
- Tohono O’odham PD.

Requirements:
- Tribal controlled
- 28 CFR compliant
- Standardized submissions
- Secure
- Cost-Effective, and
- Dissemination limited to tribal members only.
Solution: Tribal “RISS7” Criminal Intelligence Database

- Tailored for “Indian Country” information sharing use only
- Cost: free for participating tribal agencies
- Training: provided by RMIN/RISS
- Technical Support: RISS RTSC/RMIN assistance
- Implementation: access; submissions; dissemination controlled by tribal agencies
- Equipment: purchased through BJA support

Bottom line: the “window of opportunity” for implementing tribal-controlled multi-agency criminal intelligence information sharing in Arizona – but capable of expansion to tribal law enforcement regionally/nationally if initiative proves to be useful, effective, and successful.
