SPORTS AND SPECIAL EVENTS INCIDENT MANAGEMENT
MGT-404

DHS/FEMA-funded course
SPORTS AND SPECIAL EVENTS INCIDENT MANAGEMENT

MGT-404

This course emphasizes the unique aspects of response to an incident occurring during a sports/special event, including considerations for business continuity and after-action activities. You will learn the skills necessary to effectively manage an incident by applying and implementing a multi-disciplinary management team approach as described in the National Incident Management System (NIMS). At the end of the course a practical application exercise can be customized to the facility where the course is held.

This course has a limited offering with priority to Division 1A sporting events and large venue special events. Certain criteria for event size must be met prior to scheduling. Scheduling coordinators will work with the requesting entity to determine eligibility.

Topics
• Incident management for sports/special events
• National Incident Management System
• Business continuity considerations
• After action reporting
• Incident action planning
• Resource management process

Prerequisites
IS-200.b, Incident Command System (ICS) for Single Resources and Initial Action Incidents, ICS-200 or equivalent basic incident command system training.
