## DHS/FEMA Approved Training Workshops

---

### **Sport Event Risk Management AWR-167**

Building capabilities for multi-agency collaboration. Intact teams are immersed in a collaborative environment incorporating basic concepts relative to: planning, risk assessment, training, exercising plans, and recovery/ business continuity through scenario-based training modules.

### **Sport and Special Event Incident Management MGT-404**

Develops athletic department staffs, facility management personnel, campus public safety personnel, emergency response supervisors, and others involved in sports and special event management to better prepare for, manage, and recover from incidents that could occur during a sporting event or other special event.

### **Sport Venue Evacuation and Protective Actions MGT-412**

Prepares venue operators, first responders, emergency managers, law enforcement, contractors, promoters and owners to effectively collaborate on evacuation and protective action decision-making. The course provides flexible and scalable protective measures for planning, evacuation, and sheltering.

### **Sport and Special Event Enhanced Incident Management MGT-440**

Prepares emergency responders as well as event management personnel, concessionaries, athletic department personnel, and elected and chief executives who would be involved in the preparation for and response to a large-scale incident during sporting or special events.

## DHS/FEMA Approved Training Workshops cont.

---

### **Sport and Special Event Enhanced Risk Management and Assessment MGT-466**

Provides participants with tools and methodologies for conducting venue and event-specific risk assessments. In this course, participants will analyze risk and utilize assessment outputs to determine risk mitigation options and their effectiveness.

### **Sport and Special Event Public Information and Emergency Notification MGT-467**

Prepares participants to identify and navigate the sport and special event communication landscape before, during, and after an incident. This interdisciplinary course brings planners, operators, communication, government, public safety, marketing, and public relations professionals together to prepare and/or enhance venue and event communication programs.

### **Risk Management for After-School Activities and Interscholastic Athletics AWR-375-W**

This web-based course provides prevention/mitigation, preparedness, and response strategies for after school activities and interscholastic athletic programs. The course provides awareness-level knowledge with the goal of improving security and resilience within school districts and communities.
