

Senior Leader Peer-2-Peer Quarterly Call

November 4, 2025

Dr. Stephanie M Kirkland

partners with organizations to support employee and leader development, helping leaders at all levels develop their unique self leadership for sustainable impact. She blends neuroscience, organizational leadership, and her proprietary work on identity-centered leadership. With her guidance, organizations see more authentic leadership, stronger teams, and real cultural transformation.

www.identitydynamics.net

"Leveraging Your Uniqueness for Success" is a dynamic session that sparks self-leadership and personal agency. It guides participants to discover, own, and use their distinct value proposition. Aligned with the Senior Leader Peer to Peer Quarterly Call Series, it launches the program on a solid foundation. It gives employees the mindset they need to boost the impact of their learning. Participants leave clear on how their unique perspectives and talents drive authentic influence, deeper engagement, and lasting growth for themselves and the teams they are apart of.

Advancing Leadership, Strengthening Communities

The Senior Leader Peer-2-Peer PSB Quarterly Call brings senior leaders together to connect, share, and strengthen networks while advancing effective programs that serve youth with PSB and their caregivers. Designed to foster collaboration and spark inspiration, the call empowers leaders to support each other's work in building safer, stronger communities for youth.

Sharing Insights, Driving Impact

With an emphasis on collaboration, empathy, and mutual support, the forum provides a space for senior leaders to share insights, learn from one another, and drive meaningful, positive change—ultimately increasing their collective impact in the communities they serve.

Calls occur the **1st Tuesday*** of every 3 months

11 CST/12 EST/9 PST

*Calls may be rescheduled to accommodate holidays.

Register Today!

Structure of the Quarterly Call

- The call is structured to maximize engagement and value for participants.
- Each call will highlight a different topic related to the role of leadership in serving youth with problematic sexual behavior.
- Participants are asked to bring knowledge, experiences, and questions to each call.

Focus and Goals of the Peer-2-Peer Call

- Promoting Open Communication
- Fostering Collaboration
- Sharing Best Practices
- Driving Positive Change
