

Problematic Sexual Behavior - Cognitive-Behavioral Therapy (PSB) Advanced Training Youth 13-14 Years and Juvenile Justice

May 7-8, 2026

10:00 - 4:00 CST Both Days

\$ 5 4 0

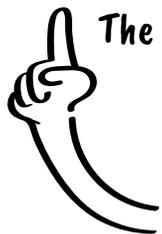

per trainee if providing group model

\$ 6 1 5

per trainee if providing family model; due to greater number
of recorded sessions to review

Eligibility

This advanced training is designed for agencies who have an established Problematic Sexual Behavior - Cognitive-Behavioral Therapy (PSB-CBT) program with therapists who are fully trained to fidelity in the school-age PSB-CBT model. A Business Associate Agreement is required.

The Advanced Training is comprised of:

- 1 - Prework
- 2 - Eight to nine (8-9) hours of training over 1.5 - 2 days (depending if live or virtual).
- 3 - Six group consultation calls - once a month.
- 4 - Review of recordings and feedback for two sessions.
- 5 - The PSB-CBT manual for youth 13-14 years old.
- 6 - Handouts and resources.

Advanced Training Topics will include:

- ▲ Juvenile Justice
 - Agency mission, case flow, terminology, and resources
 - Safety planning
 - Case coordination, communication, and documentation
 - Responding to requests for risk assessments, polygraphs, and related topics
 - Integrating Juvenile Justice speaker in treatment
- ▲ Modification of the curriculum to address middle adolescence, including group therapy behavior management with teens.
- ▲ How sexual behavior rules are applied and change to be developmentally informed.
- ▲ Adolescent development, sexual health, and healthy relationships.
- ▲ Monitoring sexual situations and the impact of sex laws.
- ▲ Parent-child relationship, communication, and behavior management with teens.
- ▲ Communicating with peers and others about illegal sexual behavior.
- ▲ What qualifies as a successful graduation.
- ▲ How to manage electronic and online sexual behavior.
- ▲ How will this look in your program?
 - Group options
 - Family options
 - Telehealth options
