Definition

This training is designed for clinicians who met full fidelity in the PSB-CBT™ School-Age model and have an established school-age program with senior leader support of the program. This advanced training will provide background information relevant to children ages 3-6 including typical, concerning, and problematic sexual behavior and origins. The trainees will gain knowledge and skills on the application of the Preschool PSB-CBT™ treatment model for young children and their caregivers. Group, family, and telehealth approaches to treatment application will be addressed.

Eligibility and Requirements

- 1) Met fidelity requirements in the PSB-CBT™ School-age modality.
- 2) Complete Advanced Training for PSB-Preschool Application.
- 3) Complete pre-work (required readings).
- 4) Get excited for this high energy treatment approach. Enthusiasm required!

Cost

- Cost of training and materials would be covered by NCTSN Scholarships* (\$1200 value).
- Includes 2-day in-person training in Oklahoma City, Oklahoma, preschool group treatment manual, consultation calls (12 total), and fidelity review.

*Travel and provider time costs are not included.

This opportunity is open to all applicants, but NCTSN sites and affiliates will be given priority.

Training is supported [in part] by grant #H79SM085083 from the Substance Abuse and Mental Health Services Administration (SAMHSA). Views expressed in the training do not necessarily reflect the views or policies of SAMHSA or the U.S. Department of Health and Human Services (HHS).
