## Peer-2-Peer Quarterly Call Host

Karen Hill, EdD, LPC-A serves as a senior leader facilitator for the University of Oklahoma Health Sciences Center (OUHSC) Problematic Sexual Behavior - Cognitive-Behavioral Therapy™ (PSB-CBT™) Training and Technical Assistance Team (TTA). The OUHSC TTA provides training and support to senior leaders to assist them in their efforts to implement evidence-based practices for youth with problematic sexual behaviors and their caregivers.

In her research, Dr. Hill examined factors that supported implementation and sustainability of evidence-based treatment for youth with problematic sexual behaviors, identifying senior leaders as the primary factor contributing to success. Her work is reflected in publication.
