Section 1. Definition of Conflicts of Interest.

A conflict of interest may exist whenever a covered individual is in a position to directly or indirectly benefit him or herself, a family member(s), other individuals, or another organization with which the individual is affiliated through the use of their role in the Society.

Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. What was received: includes salary, royalty, intellectual property rights, consulting fees, honoraria, ownership interests (e.g. stock, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit.

Section 2. Disclosure of Conflicts of Interest.

A Director or officer shall disclose a conflict of interest: (a) prior to voting on or otherwise discharging his duties with respect to any matter involving the conflict which comes before the Board or any committee; (b) prior to entering into any contract or transaction involving the conflict; (c) as soon as possible after the Director or officer learns of the conflict; and (d) on the annual conflict of interest disclosure form. The Secretary of the Society shall distribute annually to all Directors and officers, a form soliciting the disclosure of all conflicts of interest, including specific information concerning the terms of any contract or transaction with the Society and whether the process for approval set forth in Section 3 of this Article VIII was used.

Section 3. Approval of Contracts and Transactions Involving Potential Conflicts of Interest.

A director or officer who has or learns about a potential conflict of interest should disclose promptly to the Secretary of the Society the material facts surrounding any actual or potential conflict of interest, including specific information concerning the terms of any contract or transaction with the Society. All effort should be made to disclose any such contract or transaction and have it approved by the Board before the arrangement is entered into.

Following receipt of information concerning a contract or transaction involving a potential conflict of interest, the Board shall consider the material facts concerning the proposed contract or transaction including the process by which the decision was made to recommend entering into the arrangement on the terms proposed. The Board shall approve only those contracts or transactions in which the terms are fair and reasonable to the Society and the arrangements are consistent with the best interests of the Society. Fairness includes, but is not limited to, the concepts that the Society should pay no more than fair market value for any goods or services which the Society receives and that the Society should receive fair market value consideration for any goods or services that it furnishes others. The Board shall set forth the basis for its decision with respect to approval of contracts or transactions involving conflicts of interest in the minutes of the meeting at which the decision is made, including the basis for determining that the consideration to be paid is fair to the Society.

Section 4. Validity of Actions.

No contract or other transaction between the Society and one or more of its directors or officers, or between the Society and any other corporation, firm, association or other entity in which one or more of its corporation or officers are directors or officers, or have a substantial financial interest, shall be either void or voidable for this reason alone or by reason alone that such director or directors or officer or officers are present at the meeting of the Board of Directors, or of a committee thereof, which authorizes such contract or transaction, or that his or their votes are counted for such purpose, if the material facts as to such director's or officer's interest in such contract or transaction and as to any such common directorship, officership or financial interest are disclosed in good faith or known to the Board or committee, and the Board or committee authorizes such contract or transaction by a vote sufficient for such purpose without counting the vote or votes of such interested director or officers. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or a committee, which authorizes such contract or transaction. At the time of the discussion and decision concerning the authorization of such contract or transaction, the interested director or officer should not be present at the meeting.
