

# WHAT'S NEW FROM THE NEUROCRITICAL CARE SOCIETY

## NEUROCRITICAL CARE ON CALL

The most up-to date, comprehensive online resource dedicated to the practice of neurocritical care.

Neurocritical Care ON CALL is a subscription-based resource that covers more than 20 educational topics.

Gain exclusive access to case studies, videos, monthly webinars, podcasts, and more – all focused on the neurocritical care specialty.

## THE POCKET GUIDE TO NEUROCRITICAL CARE

Recently published, this book serves as a quick reference guide for management of the most common emergencies and highest-yield topics encountered in neurocritical care. Within each chapter, readers learn about pathophysiology, etiology, risk factors, work-up, treatment and management principles, disease course and prognostic considerations, and differential diagnoses for the disease state.

## PHARMACOTHERAPY OF NEUROCRITICAL CARE SERIES (PONS)

The Pharmacotherapy of Neurocritical Care Series (PONS) is a curriculum-based eLearning series comprised of various neuropharmacotherapy topics presented by experts in the field of neurocritical care. PONS can be used as a multi-disciplinary review for healthcare professionals, to facilitate topic discussions among trainees, to educate trainees, or as a group educational lecture series.

## NCS PODCAST SERIES

This comprehensive series of podcasts consists of interviews with the authors of impactful articles from the *Neurocritical Care Journal* and other neurology and emergency medical journals. Podcasts are released monthly and provide listeners with an in-depth exploration of hot topics in neurocritical care.

Learn more about these products and other education and training resources online at [www.neurocriticalcare.org](http://www.neurocriticalcare.org).
