Emergency Neurological Life Support (ENLS)
What to do in the Critical First Hours of a Neurological Emergency

Newly Released Version 4.0
Thursday, February 20th, 2020
8:00am – 4:30pm | Hyatt Regency Orlando - Orlando, FL

PROGRAM OVERVIEW
The recently updated Emergency Neurological Life Support (ENLS) is designed to help healthcare professionals improve patient care and outcomes during the most crucial time - the critical first hours of the patient’s neurological emergency. ENLS covers a collaborative, multi-disciplinary approach that outlines a consistent set of protocols, practical checklists, decision points, and suggested communication to use during patient management. Completion of this course and online assessment provides 15 hours of Level 1 CME, ANCC, ACPE and CAPCE credit, and two-year ENLS certification.

INTENDED AUDIENCE
Physicians, nurses, pharmacists, emergency medicine professionals, and health professionals working in the field of neurocritical care. This course is appropriate for initial certification and recertification.

ENLS OFFERS:
- Protocols that list important steps in managing a patient with a neurological emergency
- Treatment algorithms that can be administered across a spectrum of care environments
- Structured format for concise communication among members of the healthcare team
- Information on current advancements in treatment

TOPICS:
- Acute Non-Traumatic Weakness
- Acute Ischemic Stroke
- Airway, Ventilation and Sedation
- Approach to the Comatose Patient
- Intracerebral Hemorrhage
- Intracranial Hypertension and Herniation
- Meningitis and Encephalitis
- Pharmacotherapy
- Resuscitation Following Cardiac Arrest
- Spinal Cord Compression
- Status Epilepticus
- Subarachnoid Hemorrhage
- Traumatic Brain Injury
- Traumatic Spine Injury

“This program is held in conjunction with the Society of Critical Care Medicine’s Critical Care Congress. The Society has reviewed the program to ensure its appropriateness for the critical care provider. However, the program is developed and managed by Neurocritical Care Society, an independent nonprofit organization, which is solely responsible for its content and management.”
