

## **ROBERT GARLAND, PE, PG, DBIA, ENV SP**

---

Robert Garland has been providing planning, design, and construction services to municipal, state, and federal agencies for over 30 years. In addition to being a licensed engineer and geologist, he has been a licensed contractor in numerous states and has passed Florida's General Contractor and Underground Utility Licensure Exams. He currently serves as Vice President and Regional Manager of Southeast Operations for McKim & Creed, a national engineering firm. Robert Received his bachelor's degree of Engineering from Vanderbilt University, and his diverse design-build experience includes federal penitentiaries, pipelines, water and wastewater facilities, and environmental remediation projects with constructed values over \$1 billion. Robert is Past President of the DBIA FL Region and currently serves on the FL Region's Board of Directors. He is a member of the DBIA FL Region's Water/Wastewater Market Committee and the national DBIA Contract Documents Committee. He is also active in the American Public Works Association (APWA) and is Past President of the APWA FL Chapter.
