

Sherry Stroud

Sherry is a leader with demonstrated success in implementing LEAN and visual management solutions for process improvements. Since January 2016, she has worked as Accounts Payable Supervisor for King County in Seattle, WA. Her career began at Financial Industries Corporation, where she started in an entry-level support position in their life insurance division, working her way through various positions into management over a 25-year career, ending employment as Vice President of Investors Life Insurance and Accounting department. She worked 10 years for Washington State as Accounting Manager for Highline Community College and as Student Financials Functional Analyst for the State Board for Community and Technical Colleges, Information and Technology department. She served on the Washington State Budget, Accounting and Reporting Council for as Assistant Secretary while employed at the state. She serves on the Finance Committee Member for NIGP Washington State Chapter. She has a bachelor's of science degree in business and administration, with a specialization in leadership and management, and human resources. Sherry is the proud mother of three adult children and one son-in-law; she is active in her community and enjoys spending time with family.
