

## RENAL HEALTHCARE ASSOCIATION

SUPPORTING DIALYSIS FACILITIES AND PROFESSIONALS

The Renal Healthcare Association serves as a resource to the entire renal community. It supports members to achieve the best possible patient outcomes through education, advocacy, and services, supporting excellence in renal healthcare.

### 2021-2024 Strategic Vision

Cultivate a patient-focused, diverse, and collaborative community supporting dialysis facilities and professionals.

#### **Advocacy**

Serve as the voice for independent providers through strategic federal policy engagement at all levels.

#### **Education**

Lead a comprehensive education curriculum for dialysis professionals through various channels.

#### **Member Engagement**

Promote a diverse and inclusive membership by growing, expanding, and strengthening engagement.

#### **Innovation**

Monitor and share industry innovations and explore potential partnerships and resources for members.

#### **Operational Excellence**

Ensure staffing, consultants, and resources are properly allocated to meet the association's needs.
