RenalEdge GPO Welcomes Out Pt Lab as a New Vendor Partner

GPO Members Gain Access to Specialized Dialysis Laboratory Testing Services

RenalEdge GPO is pleased to announce a new vendor partnership with **Out Pt Lab**, an independent clinical laboratory dedicated exclusively to dialysis providers. Through this partnership, RenalEdge GPO participants gain access to specialized laboratory testing services that support patient care, regulatory compliance, and operational efficiency.

Founded by a team with more than 20 years of laboratory experience, Out Pt Lab offers comprehensive testing services for hemodialysis (HD), peritoneal dialysis (PD), home hemodialysis (HHD), environmental water testing, and semi-annual AAMI-compliant water quality assessments.

"Dialysis is all we do," said Aren Baghdassarian, COO, Out Pt Lab. "Our laboratory was built specifically to support dialysis providers with accurate testing, rapid turnaround times, and personalized service that helps clinics maintain compliance while focusing on exceptional patient care. We're excited to partner with RenalEdge GPO to make those services available to even more providers."

As an independent laboratory, Out Pt Lab delivers rapid turnaround times, streamlined reporting, and seamless integration with multiple EMR platforms. Test results flow directly into patient records and are also available through a secure laboratory portal, making clinical review and reporting efficient and convenient.

Additional information about this partnership, including enrollment details, will be shared on the RenalEdge website. To learn more, visit www.RenalEdge.com.
