RenalEdge GPO Welcomes United Infusion as a New Vendor Partner

Access to Infusion Equipment, Rentals, Repairs, and Maintenance Solutions at Preferred GPO Pricing

RenalEdge GPO is pleased to announce a new vendor partnership with [United Infusion](#), a provider of infusion equipment and support services for healthcare organizations nationwide. Through this partnership, organizations enrolled in RenalEdge GPO gain access to equipment and service solutions at preferred GPO pricing, helping providers reduce downtime, extend equipment life, and manage equipment costs.

United Infusion provides refurbished infusion pumps, flexible rentals, repair and preventive maintenance services, parts and accessories, and equipment disposal support. By offering alternatives to purchasing new equipment, United Infusion helps healthcare organizations determine the right solution for their operational and budget needs.

“We’re excited to partner with RenalEdge GPO to provide participants with flexible, cost-effective solutions for managing their infusion equipment,” said **Scott Beight, BSN, RN C, Regional Sales Representative, United Infusion**. “Our goal is to help providers minimize downtime, extend the life of their equipment, and make informed decisions about when to repair, rent, or replace.”

United Infusion combines responsive service with OEM-level repairs, calibrations, and preventive maintenance performed by certified technicians. With flexible rental and loaner options and an extensive inventory of compatible accessories and replacement parts, the company helps healthcare organizations keep essential equipment operating reliably and efficiently.

Additional information about this partnership, including enrollment details, will be shared on the RenalEdge website. To learn more, visit www.RenalEdge.com.
