## **RenalEdge GPO Welcomes SR Instruments, Inc. as a New Vendor Partner**

*Participants Gain Access to Precision Weighing Solutions Designed for Dialysis Care*

RenalEdge GPO is pleased to announce a new vendor partnership with [SR Instruments, Inc.](#), a leading manufacturer of medical scales and precision weighing solutions for healthcare providers. Through this partnership, RenalEdge GPO participants gain access to specialized weighing equipment designed to support the unique needs of dialysis facilities while enhancing clinical efficiency and patient safety.

For more than 50 years, SR Instruments has designed and manufactured medical scales that deliver highly accurate, dependable measurements in fast-paced clinical environments. **Its SR Scales<sup>®</sup> product line includes in-floor, portable, and wall-mounted options specifically designed for dialysis settings, helping providers obtain reliable pre- and post-treatment weights while minimizing patient movement and workflow disruptions.**

"We're excited to partner with RenalEdge GPO to bring our precision weighing solutions to dialysis providers across the country," said Donald Sly, Sales Manager, SR Instruments. "Our mission has always been to develop products that improve workflow efficiency while supporting patient safety and comfort. We understand the critical role accurate weights play in dialysis care, and we're proud to provide solutions that clinicians can rely on every day."

Engineered with antimicrobial touch surfaces and intuitive displays, SR Scales<sup>®</sup> support facility cleaning protocols and infection prevention efforts while promoting patient confidence and comfort. In addition, SR Instruments offers replacement solutions that can often be installed without costly structural renovations, helping providers modernize aging equipment in a practical and cost-effective manner.

Additional information about this partnership, including enrollment details, will be shared on the RenalEdge website. To learn more, visit [www.RenalEdge.com](http://www.RenalEdge.com).

### **About SR Instruments, Inc.**

Headquartered in Tonawanda, New York, SR Instruments, Inc. has designed and manufactured medical scales for more than 50 years. Through its SR Scales<sup>®</sup> brand, the company provides precision weighing solutions for healthcare environments, including specialized products for dialysis providers. Combining in-house engineering, machining, testing, and calibration capabilities, SR Instruments delivers reliable, high-quality technologies that enhance clinical efficiency, support infection prevention efforts, and improve patient care. <https://www.srinstruments.com/>

### **About RenalEdge GPO**

RenalEdge GPO is an exclusive group purchasing organization operated by Renal Services Exchange (RSE), a wholly owned subsidiary of the Renal Healthcare Association (RHA). RHA represents nearly 11% of U.S. dialysis facilities and serves approximately 60,000 patients nationwide. RenalEdge delivers transparent, trusted, and value-driven purchasing solutions to help independent dialysis providers thrive. [www.RenalEdge.com](http://www.RenalEdge.com)
