

1. Review the workshop requirements and gather all information, this includes:
 - a. Type of session (60 minute, Express Talk, Learning Lab)
 - b. Session Title
 - c. Session Objectives (3)
 - d. Session Abstract
 - e. Session instruction level (Basic, Intermediate, Advanced)
 - f. Session Education Track (Laboratory Operations, Leadership Development, Imaging & Analysis, IHC & Molecular, General Anatomic Pathology)
 - g. Lead Presenter Information (all contact info and Bio – we do not ask for CV)
 - h. Additional Speakers (names, credentials, organizational affiliation, contact information)

2. Go to the Abstract Submission Form ([click here](#))

A screenshot of a web page for the 2021 NSH Convention Abstract Submission. At the top, there is a banner identical to the one in the first image. Below the banner, the page title is "2021 NSH Convention Abstract Submission". The main text reads: "All session abstracts must be submitted electronically through this form linked below by April 14, 2021. At the end of the form you are given the opportunity to share any additional/relevant information with the program team, this is optional and not required. Session abstracts received after the deadline or with incomplete information will not be considered. After submission presenters can return & edit later." Below this, it says: "Any questions please feel free to contact NSH Deputy Director, Aubrey Wanner, aubrey@nsh.org." At the bottom left, there is a red asterisk followed by the word "Required".

3. Enter required information
