Details for Scholarship Application Submission

Letter of Recommendation: Must have a minimum of one letter of recommendation that demonstrates why the individual would be a good fit for this scholarship. Can be from a colleague, mentor, professor, or other community figure.

Narrative: Must submit a narrative detailing the applicant's interest in attending the Symposium; what are you hoping to learn? What issues are you most interested in? Do you have any prior background with politics or laboratory regulations?

The narrative should also include the applicant's goals and interest in developing their leadership skills.
