

# **New Hampshire Society of Professional Engineers and the NH Joint Committee of Engineering Societies S.T.E.M. Excellence in Teaching Awards 2021**

The New Hampshire Society of Professional Engineers (NHSPE) has joined forces with other engineering societies, and the University of New Hampshire to recognize deserving teachers at the elementary, middle and high school levels who are promoting S.T.E.M. curriculum in the classroom.

This year marked the 15<sup>th</sup> consecutive year of this exciting program, and we have had the pleasure of honoring many outstanding teachers throughout New Hampshire. These great teachers are the motivators and educators for our next generations of engineers, inventors, mathematicians, and scientists.

This year's winners were:

- High School - Mr. James Miller - Bishop Brady High School - Concord, NH

- High School - Mr. John Tietjen - Lebanon High School - Lebanon, NH

- Elementary School - Ms. Sandy Fitzmorris - Milan Village School - Milan, NH

No picture available

All three of this year's winners were honored at a ceremony this past spring at their school. Attending the ceremonies were faculty and administrators, and in some cases family and students. Each teacher received a plaque honoring their achievement along with a stipend check.
