

## **Crossing the Digital Threshold: Engineering and Survey Digital Records/Seals/Signatures Workshop Webinar**

NSPE-NV recently hosted a forum for the Nevada Board of Professional Engineers and Land Surveyors to reach out to the Nevada engineering and survey communities to receive feedback for improving NV Legal requirements related to Digital signatures, stamps and seals for engineering and survey maps and records.

Multiple questions from entities and engineering/surveying firms have been raised recently regarding this topic and indicate that permitting entities are enforcing electronic document requirements differently. This forum allowed multiple entities and companies to share their perspectives on this topic to provide feedback to NV BPELS who can move forward to help shape any needed revisions to Nevada law.

For more information visit the [NSPE website](#).

## **Advance Your Engineering Career at PECON19**

The ability to manage projects and lead teams is crucial to advancing

your career as a professional engineer. Even if you have years of experience in the field, there are still opportunities to enhance your knowledge. The PE Conference includes an entire track of leadership and risk management sessions to give you the tools, resources, and best practices to further your career.

PE Conference sessions include

- [Engineering Ethics and the Law;](#)
- [How to be an Effective Witness;](#)
- [How to Lead Without Authority;](#)
- [Managing Project Risk;](#)
- [How Not to Fail as a Leader;](#)
- [Passing Down Institutional Knowledge.](#)

Visit the [PE Conference website](#) for a full listing, including descriptions, of these and other sessions designed exclusively for PEs. [Register today !](#)

Stay current with essential professional development opportunities through NSPE webinars. Members receive a special rate on the upcoming live webinars:

[Providing Feedback at Work: The STEER Methodology](#)

**May 22** at 2 p.m. Eastern

What if you could find better ways to get your staff to act with more proficiency? The results for your business would be significant. Happier customers. More satisfied co-workers. And, you would be relieved of some sources of stress.

This presentation on providing feedback in the workplace suggests tools that you can use to give more effective feedback to your colleagues and other personnel. STEER is an acronym that represents five main elements of feedback: specificity, timing, explanation, emotion, and reinforcement.

## NICET: Developing a Qualified Workforce

**May 29** at 2 p.m. Eastern

Through credentialing with the National Institute for Certification in Engineering Technologies (NICET), professionals in engineering technologies can set themselves apart as the most exceptional technicians in their field.

Join NICET's Chip Hollis as he discusses the ways in which credentialed technicians earn certifications to further their careers, earn the respect and confidence of employers, and continue to safeguard the public.
