

## State News for NSPE Members

### Get Ready! Engineers Week Finale Banquet 2022

The anticipation is building up as NSPE-NV members and guests get ready for the **National Engineers Week Finale Banquet** on **Saturday, May 7**, at the Gold Coast Hotel & Casino in Las Vegas. Modern Victorian or Alice in Wonderland character attire is encouraged ([see the event invitation for details](#)).

The event will begin at 5:00 p.m. with an Order of the Engineer ceremony. Cocktails (6:00 p.m.), dinner/awards (7:00 p.m.), and an after party will follow.

#### Order of the Engineer Registration

New and previous inductees are welcome to participate in the Order of the Engineer ceremony! For previous inductees, it's a great opportunity to "renew" your oath and celebrate this year's new inductees. All that want to participate must [register by May 3](#).

### NSPE-NV Meeting Recap—Recent Developments around Federal Funding for Infrastructure and Economic Recovery

On April 19, NSPE-NV held an in-person/virtual meeting featuring Steve Dush and Bob Stern of Trimble Inc. to discuss recent developments around federal funding for infrastructure and economic recovery. Trimble Inc., based in Sunnyvale, California, is a \$4 billion tech company focused solely on construction.

## Meet the Presenters—Steve Dush and Bob Stern

**Steve Dush** is a seasoned sales professional who covers the Southwest United States for Trimble's PPM division. His background includes 15 years enterprise in technology account management and sales with Oracle (Primavera Global Business Unit), Computer Associates (CA) and Infor. The former CPA is a graduate of the University of Florida and resides in Austin, Texas.

**Bob Stern** is director of strategic initiatives at Trimble Utilities (a division of Trimble Inc.) where he is responsible for partnerships, alliances, and US infrastructure funding initiatives. Prior to his role as director at Trimble Utilities, Stern was product marketing and alliances manager where he spearheaded Trimble's Field Service Management Division's business development activity within utilities markets in the Americas. He also held other roles in Trimble in product marketing, marketing communications, and investor relations. Stern is a graduate of The Ohio State University and retired Army veteran.

## Outreach Opportunity: Career Day Fair in Reno

Take the opportunity to inspire a future professional engineer during an upcoming job fair at **Traner Middle School** (Reno) on **Friday, May 13**, from 9:00 a.m. – 11:45 a.m. [Communities in Schools of Western Nevada](#) seeks representatives to talk about their career paths and/or have a booth with information about different professions.

The goal of the event is to introduce these students to various career options they can have as they progress through their academic experience with an eye on what it takes to become gainfully employed after graduation.

Anyone interested in this outreach opportunity should contact Executive Director Nicole Willis-Grimes ([Nicolew@cisnevada.org](mailto:Nicolew@cisnevada.org)).

## Take the 2022 Engineering Outlook Survey

Share your opinions on current issues affecting the practice of engineering by completing the 2022 *Engineering Outlook Survey*. The survey should take approximately 15-20 minutes to complete. Once completed, you will have the option to enter our drawing for one of four \$50 Amazon gift cards.

All responses will be kept anonymous and only used in aggregated results unless you give us permission to contact you regarding your responses. The results of the survey will be shared in an upcoming article in *PE* magazine, as well as other NSPE publications (website, newsletters, social media, etc.).

## NSPE Endorses Sustainability and Resilience Statement

NSPE believes licensed professional engineers should be good stewards of the environment in order to preserve and protect our world for future generations. The NSPE Board of Directors recently endorsed “[The Role of the Engineering Community in Addressing Climate Change](#),” a statement intended to unite, energize, and motivate people within and across organizations, and to fulfill their desires for meaning and purpose in their professional lives. Facilitated by Engineering Change Lab-USA, the statement was prepared with input from a working group of sixteen organizations including NSPE.

## New Live Webinar Series: Workability Wednesdays

Would colleagues consider you workable? How easy is it for you to mold, flow, and bend in today’s work environment? Is your knowledge up-to-date and relevant? Please join us for this [new webinar series](#) to learn more about topics impacting the industry and to enhance your competencies in the profession.

These live and interactive webinars are **free** to NSPE members and will be held at 2:00 pm EDT on the first and third Wednesday of the months of April, May, and June. The next webinar on April 20 will focus on [The Future of Wichita’s Water - The Northwest Water Treatment](#)

Facility.
