NSPE-HI Member Graduates from NSPE Emerging Leaders Program

Sara Doi, P.E., of Waipahu, Hawaii, is a member of NSPE's 2021 Class of Emerging Leaders. The latest session of the Emerging Leaders Program began in August 2021 and concluded in February.

Doi is a civil engineer employed as a project engineer by Waipahu-based Bowers + Kubota Consulting, an engineering and architectural firm specializing in construction management in Hawaii and the Pacific Rim. Enrolling in the Emerging Leaders Program has helped her to show commitment to improvement and has given her tools to become a successful leader, says the past president of NSPE-HI. Read more.

Governor Announces $267 Million in Capital Improvement Projects

Governor David Ige recently announced the release of $276.5 million for Capital Improvement Projects (CIPs) that will be administered by various state departments. These funds were released in February and March of 2022.

"These investments in communities around the state provide the best and most
direct way to drive our economy and create jobs for our people, and they help to improve the daily experience of our residents and those who visit Hawaii," said Ige

**Licensing Board Meeting**

The Hawaii Board of Professional Engineers, Architects, Surveyors & Landscape Architects will hold a meeting on Thursday, April 21 (10:00 a.m. – 11:00 a.m.) in the Queen Liliuokalani Conference Room. The meeting can also be attended via Zoom.

*Stay up to date on legislative issues through the NSPE Advocacy Center.*

**Take the 2022 Engineering Outlook Survey**

Share your opinions on current issues affecting the practice of engineering by completing the 2022 *Engineering Outlook Survey*. The survey should take approximately 15-20 minutes to complete. Once completed, you will have the option to enter our drawing for one of four $50 Amazon gift cards.

All responses will be kept anonymous and only used in aggregated results unless you give us permission to contact you regarding your responses. The results of the survey will be shared in an upcoming article in *PE* magazine, as well as other NSPE publications (website, newsletters, social media, etc.).

*Start the survey.*

**NSPE Endorses Sustainability and Resilience Statement**

NSPE believes licensed professional engineers should be good stewards of the environment in order to preserve and protect our world for future generations. The NSPE Board of Directors recently endorsed “The Role of the Engineering Community in Addressing Climate Change,” a statement intended to unite, energize, and motivate people within and across organizations, and to fulfill their desires for meaning and purpose in their professional lives. Facilitated by Engineering Change Lab-USA, the statement was prepared with input from a working group of sixteen organizations including NSPE.

**New Live Webinar Series: Workability Wednesdays**
Would colleagues consider you workable? How easy is it for you to mold, flow, and bend in today’s work environment? Is your knowledge up-to-date and relevant? Please join us for this new webinar series to learn more about topics impacting the industry and to enhance your competencies in the profession.

These live and interactive webinars are free to NSPE members and will be held at 2:00 pm EDT on the first and third Wednesday of the months of April, May, and June. The next webinar on April 20 will focus on The Future of Wichita’s Water - The Northwest Water Treatment Facility.

Learn more about the upcoming webinars and register.
