2020 WV Construction & Design Expo

Date: March 25–25, 2020

The WV Construction and Design Expo is all about helping you find better, faster, smarter, cleaner and more efficient ways to get things done. Get a snapshot of the latest and greatest products and companies in the design and construction industries.

Why Attend? Education and opportunity are found in our annual lineup of seminars and meetings. Over 400 exhibit booths represent an unparalleled learning opportunity for attendees.

For more information, please visit the NSPE-WV website.

Learn About NSPE’s New Strategic Plan

Join NSPE Executive Director Mark Golden as he shares NSPE’s recent strategic planning process in a new animated video. The NSPE Strategic Plan—including our vision, mission, values, and goals—is developed by the NSPE Board of Directors in collaboration with NSPE’s representative House of Delegates. It is not a static document. Rather, it is a commitment to ongoing, open, and transparent strategic planning and execution.
Diversity, Equity, and Inclusion and NSPE

Diversity is a major theme in NSPE’s Strategic Plan, and it recently gained a place in the NSPE Code of Ethics. For any future-focused, proactive profession or professional society, diversity is increasingly a strategic imperative. But there needs to be an acknowledgement of the missed opportunities created by the biases in our personal, professional, and societal lives.

Learn more about how NSPE is making strides toward its goal of diversity, equity, and inclusion.

Can You Meet the 2020 Ethics Challenge?

How should ethics factor into the development of artificial intelligence or in guiding the future of the profession? These are just two of the issues that professional engineers and engineering students can address in this year’s NSPE Milton F. Lunch Ethics Contest.

NSPE members can participate through their state societies and local chapters (including student chapters). State societies and local chapters are encouraged to consider using this contest as a state or chapter activity to generate member discussion and spur greater interest in engineering ethics.

Participants can select from one of four issues to develop a submission (video, photo essay, poster, essay, or PowerPoint presentation) that demonstrates an understanding of the ethical issues involved. Participants are encouraged (but not required) to consider and cite in the submission the NSPE Code of Ethics and previous NSPE Board of Ethical Review opinions.

NSPE will award the author of the winning entry $2,000, a certificate, and recognition in PE magazine. All submissions must be received by April 20.
Boost Your Professionalism With These Upcoming Webinars!

Develop your skills and earn continuing education credits with NSPE’s webinars. Stay current on a variety of topics from the comfort of your home or office. Don’t miss the Ethics Forum each month, presented by NSPE Deputy Executive Director and General Counsel Arthur Schwartz. Register for individual ethics webinars or get a special bundle price until March 17. All webinars are held 2 p.m. – 3 p.m. Eastern.

**March 4**
The 2020 EJCDC Engineering Agreements

**March 18**
Engineering Ethics – Disclosure, Payment, Expert Testimony and Conflicts of Interest

**March 25**
Emotional Intelligence at Work

**April 15**
Engineering Ethics – Conflicts of Interest, Licensure, Confidentiality and Public Criticism

**May 13**
Engineering Ethics – Objectivity and Truthfulness, Public Health and Safety, Signing and Sealing of Engineering Drawings and Misrepresentation

### Check Out the New 15 Free Courses

Included with your NSPE membership are 15 free on-demand webinars. Take advantage of the courses to further your professional development and meet your continuing education requirements.
