

Gamma Phi's Monthly Gamma-O-Ramma Presents:

"BUILDING HEALTHY URBAN COMMUNITIES"

**WEDNESDAY, MARCH 18, 2015, 12:00-1:00 P.M.
1080N ARMOUR ACADEMIC CENTER**

Presented by: Beth-Anne M Christopher MS, RN, CNL

Beth-Anne Christopher is the Project Director, Better Care Teams and an Assistant Professor in the Department of Adult Health and Gerontological Nursing in the Rush University College of Nursing. Mrs. Christopher teaches in the graduate entry master of science in nursing program. Mrs. Christopher is recognized for her innovations in education by faculty members and by the students for excellence in teaching. She has 40 years of nursing experience in areas that include adult critical care, unit management, discharge planning and education. She has a leadership role in regional nursing organizations and has presented at numerous regional and national conferences.

**Learning Objectives:
Participants will be able:**

- 1. Discuss the importance of academic, community, private and government partnerships in addressing health disparities.**
- 2. Describe strategies to impact health in urban communities**

Rush University is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation and an approved provider for physical therapy, occupational therapy, respiratory therapy, social work, nutrition, speech-audiology, and psychology by the Illinois Department of Professional Regulation. Rush University is an approved provider of continuing education by the Illinois Department of Regulations & Licensing per the Illinois Administrative Code. Rush University designates this live activity for (1.0) Continuing Education credit(s). Attendance at the entire program and completion of the evaluation is required to obtain a CE certificate. This CE program is being presented without bias and without commercial support.

Disclosure Statement (nothing to disclose):

The course director, planners, faculty and reviewers of this activity have no relevant financial relationships to disclose. Ms. Christopher has declared no real or perceived conflicts of interest that relate to this activity.

Gamma-O-Ramma will serve as an ongoing opportunity for students and faculty to hear about what Gamma Phi members and others in the Rush University & Rush Oak Park Medical Center communities are doing in the areas of scholarship, research, leadership and community service. Gamma-O-Ramma will occur monthly on the 3rd Wednesday. All are invited to attend.
