

Phi Mu Chapter

## Leadership and Succession Committee

The Leadership Succession Committee develops members in organisational leadership roles across the span of their careers and mentors members to assume organisational board and officer positions at all levels of the organisation. The committee selects nominees and prepares ballots. Ballots are sent to the Board of Directors at least four weeks prior to a scheduled election.

Current Chair: Ashley Spriggs (Bournemouth University)

### **What has been the benefit to you in doing this role (career/personal)?**

I have developed my own leadership skills through taking on the role of Chair, this has increased my confidence. I have networked with other nurses both in practice and academia across the country and more recently, internationally.

### **What does the role entail?**

I chair the LSC meetings which take place throughout the year, usually every month or two. As a team we prepare for ballots for positions in Phi Mu and liaise with the board regarding these.

### **What support have you received since taking this role?**

Everyone within Phi Mu has been really supportive, I was quite apprehensive about taking on this role. The previous Chair has supported me, and continues to do so, guiding me with different rules and regulations regarding the Chapter. The Board members have supported me and met with me to discuss how to carry out this role.
