

## WORKING TOGETHER: OKLAHOMA PRIMARY CARE ASSOCIATION & SOONERVERSE STRENGTHEN OKLAHOMA COMMUNITY HEALTH CENTERS

**Oklahoma Primary Care Association (OKPCA)** is the statewide trade association for community health centers and receives funding from a cooperative agreement with the Health Resources and Services Administration (HRSA) to provide training and technical assistance (T/TA).

OKPCA uses grant funding to deliver T/TA to:

- Increase access to comprehensive primary care
- Accelerate value-based care delivery
- Foster tomorrow's health care workforce
- Enhance emergency preparedness
- Advance clinical quality and performance

**SoonerVerse, Inc. (SVI)** leverages community health centers' health information technology (HIT) and data analytics to improve their performance in value-based care delivery. SoonerVerse helps health centers optimize HIT to minimize provider burden and improve analytics capacity to support value-based care activities.

SoonerVerse receives a Health Center Controlled Network (HCCN) grant from HRSA to provide T/TA to community health centers to:

- Enhance the patient and provider experience
- Advance interoperability
- Use data to enhance value

All 22 community health centers serving Oklahoma are members of **OKPCA**. **SoonerVerse** serves all 21 community health centers incorporated in Oklahoma. Together, OKPCA and SoonerVerse are committed to helping community health centers succeed in tomorrow's health care environment by providing training, advocacy, and technical assistance.
